To whom it may concern

Recognition of Fédération Haïtienne de Course d'Orientation

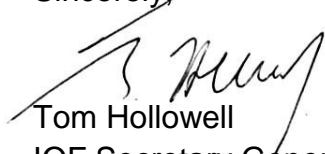

The International Orienteering Federation (IOF) is pleased to hear about the development of the sport of orienteering in Haiti and would like to recognize the organisation Fédération Haïtienne de Course d'Orientation (FEHACO) as an affiliate organisation to the IOF.

The IOF is supporting the work of FEHACO through our Regional Development Coordinator, Mr Jose Angel Nieto Poblete from the Spanish Orienteering Federation. In this way the IOF has an official relationship with the organisation in Haiti.

We hope that this recognition of FEHACO will lead to their gaining the approval of the relevant sporting bodies in Haiti, and allow for a membership application to become a provisional member of the IOF. A provisional membership would allow further development of the sport of orienteering in Haiti and among other things allow participation at the World Orienteering Championships.

We look forward to continuing to work together with FEHACO to fully establish the sport of orienteering in Haiti.

Sincerely,

Tom Hollowell

IOF Secretary General/CEO
